```

Question:

1. This email is genuine.
2. What is Message-Id of email?
3. What is Indian Standard Time of received email?
4. IP address you found of the sender?
5. Email address where you request for information?

CASE 4

X needs to buy a gift for her friend on her birthday. While shopping online, a message from the Internet Service Provider (ISP) pops-up, which urges X to click on the link to download and update her system.

X downloads the software to update her system. Soon she notices that her system starts crashing and slowing down.

Find if the downloaded file is a malware and calculate the hash value in MD5.

(software is in the case file)

Disclaimer: Case materials used are for the purpose of case study and are totally safe without any risk.
