Pits Filling

Activity: - Road repair

Date: 12/07/2017 and 13/07/2017

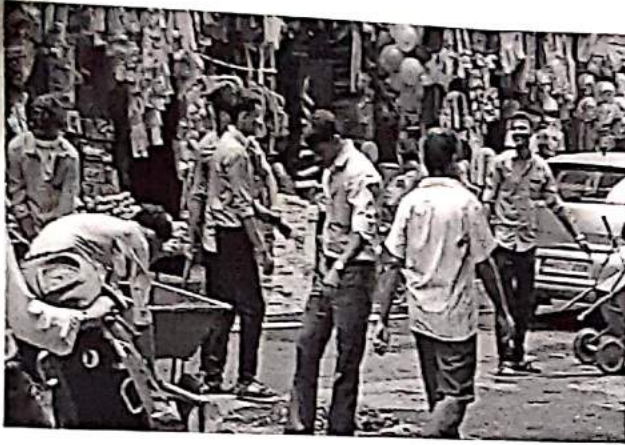

- **VENUE:** - In front of College nearby Anjur Phata
- **TIME:-** 12:30 pm to 2:00 pm

Organized by:- NSS volunteers

Extempore for two days 12/07/2017 and 13/07/2017 are as follow:

- This work was mainly done as a dedication to our ex-student IT. Satish Bhanusali. As due to road problem he faced an accident and lost his life.
- For the above purpose the student of N.S.S. Unit went to fill the pits in road. Some work was carried for two days.
- Second day many students along with Yogesh sir went to Anjur phata and nearby areas to fill the pits.
- Main objective was to make other people realize that these roads are our responsibility and proper roads are safer for us, it's a work which one can do to save others life.
- Student blocked some road and carried their work without disturbing other people. Hard work of student was seen.
- This work had to be undertaken by us because the responsible authorities were not paying attention on it.
- Road accidents were happening for the purpose of which this work was carried by us.
- For smooth transportation roads are required to be good as a result we conducted a small act of responsible citizens of our country.

• **Outcome:-**

1. The event has been done successfully.
2. All Students had participated actively.
3. Students understood their role & became self-independent.

TREE PLANTATION

Activity: - Save Nature

Date: 22/07/2017

Objective of Activity: saving nature by planting more trees

- VENUE: - Conference Room
- TIME:- 11.00 am to 1.30 pm.
- Organized by:- NSS Unit.

• **Agenda of Activity**

1. Introduction of Activity.
2. Introduction of Speaker.
3. Selection of proper place for plantation.
4. Speaker's session on nature awareness.

• **Execution:-**

1. NSS students collected plants from BNCMC
2. Trees are planted near to Vharal Devi Talav
3. Volunteers had participated actively.

Activity started by 11.00a.m onwards. All NSS volunteers have been participated. Firstly, collection of plants was done. Then everyone planted trees nearby Varaldevi Talav & later on at BNN College. Then vote of thanks was done by our NSS volunteers to BNN NSS Unit Leaders for their guidance.

• **Outcome:-**

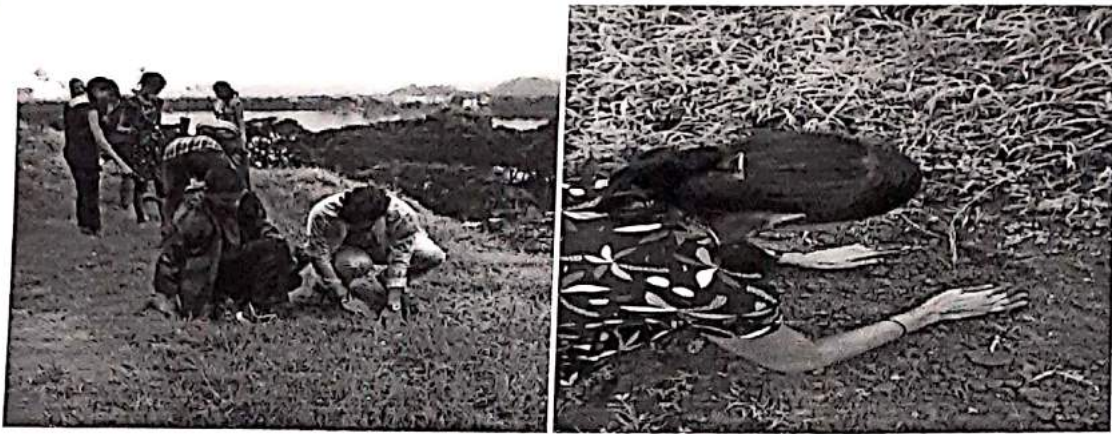

1. The event has been done successfully.
2. All NSS Volunteers has participated actively.
3. Students got proper knowledge of spreading awareness on trees is the most important part of our nature & how to save them (by planting more trees).

Report on "NAMAMI CHANDRABHAGA" Water Literacy campaign
(6th to 13th August 2017)

Introduction :

'NAMAMI CHANDRABHAGA' is a water literacy campaign which is organized by Jal Biradari in Maharashtra. Jal Biradari has organized a synergy of 101 River journeys from Kashmir to Kanyakumari.

This campaign covers the route from the origin point of Bhima Rivar (Bhimashankar) to Vijapur

Objectives

The objective of Yatra is to :

To raise the awareness among the youths about their responsibilities towards rivers and free water bodies from constant threats of encroachment, exploitation and pollution,

To establish human river relationship and spread awareness among the locals of villages through 'Nadi sanvaand-Jal Saksharata' campaign.

Participants:

Members of Jal Biradari under the leadership of Dr. Rajendra Singh ji – Jal purush of India, Ministry of forest and Finance, Govt. of Maharashtra, Under the guidance of Shri. Sudhir Mungantivar ji.

On behalf of Shree Halari Visa Oswal College and under the Leadership of Prin. Dr. Snehal Donde Jalnayak Maharashtra, 17 NSS students of First Year and Second Year of B. Com. and Two faculties have participated in the Jal Yatra to Create awareness through Poster Presentation and Street Play.

Beginning of Journey from College

Announcement of Water Literacy Campaign

Detailed Report:

Day 1 : Sunday, 6th Aug. 2017.

The journey of Jal yatra was started at 10.30 am and we left the college for Pune. En route Prin. Dr. Donde and Dr. Malti joined us for the journey and enlightened us with the main motive of the Jal Yatra and role of students in spreading awareness of River pollution, encroachment and exploitation.

We reached Pune at 4.15 pm. In the evening, The water Literacy campaign was started at YASHADA, Pune. On this occasion following personalities were present.

Dr. Rajendra Singh, Jal Purush, Jal Biradari

Shri Devendra Fadanvis, Hon'ble C.M. Govr of Maharashtra

Shri Girish Mahajan, Water Resource minister,

Smt. Mukta Tilak, Mayor

Shri Anand Limaye, Dean , YASHADA,

Shri Devendra Fadanvis, Hon'ble C.M. Govr of Maharashtra

Shri Girish Mahajan, Water Resource minister,

Smt. Mukta Tilak, Mayor

Shri Anand Limaye, Dean , YASHADA,

On this occasion, Jal Kalash, symbolic representation was poured with the holy water of rivers. It was decided that this Jal Kalash will be taken along with the Yatra and Holy water of Aall tributary rivers of Chandrabhaga will be poured into the kalash.

Dignatories pouring water into the Jal kalash

On that day Centre for Water Literacy was established to form action plan for river rejuvenation and execute plan .

Day 2 7th Aug. 2017

In the morning, All the members of Jal Yatra gathered at YASHADA. Dr. Rajendrasingh ji had oriented all members about the purpose and aim of the Yatra. He handed over Jal Kalash to Prin. Dr. Snehal Donde to convene the Yatra. By his blessings and wishes our Journey started for Bhimashankar where the Bhima river Originates. We reached Bhimashankar at 11.30 am. By looking to problems during the mon the of January to june in bhimashankar, Dr. Rajendra ji explained the importance of water and how people are responsible for creating pollution of on ther river. He urged all villagers to conserve the bhimashankar forests as Bhima river will survive on the survival of forests.

Then all had participated in the Pad Yatra from Forest officer's Build. To the Bhimkund. It was arranged to seek blessings and pujan of Origin of Bhima river. At that point, Dr. Rajendrasingh ji had given pledge to all the villagers for keeping river water clean. He had given a slogan for the Yatra : **'Bhima nadi ko Bachane ki Jang Me, Hum sab Sang me'**. After pujan, The book **'NAMAMI CHANDRABHAGA'** was unveiled and distributed to people.

After the lunch arranged by Villagers, we left for Ghode gav, Manchar. In the evening , small felicitation programme was arranged in the hall of Ghode gaav by the Local Corporations and forest Dept. Manchar. During that programme Group of people created the **BHIMA ACTION GROUP**,

Under the guidance of Dr. Rajendrasingh ji and Jal Biradari. At the end all had taken pledge on Namami Chandrabhaga to save river. Book on Namami Chandrabhaga were distributed among the people.

An Audio video Van, 'Harit Sena' was given by forest dept. to accompany Jal Yatra at all places.

Night Stay was arranged at Manchar by the forest Dept.

Day 3: 8th Aug. 2017

The day began with the visit of MANCHAR FOREST at 6.30 am under the guidance of Forest officer Mr. Momin. In forest we had seen different types of Ayurvedic trees like aloe vera, Nimboo, Ghaypat, Cactus, Bamboo, etc.. We have also observed the dam constructions at different levels of Matha to Paytha. Various dam types like Gabian Structure, Stone Bridge, Cement Bridge, Soil Bridge were constructed to prevent water flow from rivulets and Soil erosion. Students curiously asked many questions regarding Dam structure and learnt how water is preserved in natural way.

At 10.00 am after having breakfast we visited to Annasaheb Awate College, Manchar. Where Street play was performed by our college students for the first time in front of more than 100 students and college faculties. Appreciation was received by the team from college authorities of that college.

At 11.00 am, an orientation programme was arranged at college for students. The members and volunteers of Yatra had explained the Water pollution problem and solution. Dr. Shailaja from Jeevit Nadi Foundation had given the powerpoint presentation on the History of the river Bhima and Sahayadri Mountain. She also explained the alternative ways of daily lifestyle to save water from pollution. In that programme an initiative was taken for cleaning the river by forming the group of students. Mr. Sunil Joshi had taken the enrolments of students for this campaign. At the end Pledge was taken by all for saving river.

After lunch at 3.00 pm we reached Hutatma Rajguru college of Rajguru nagar, Street play was performed by the students on the 'Jal Bachao' in front of 4000 students of the college. Mr. Narendra Chugh explained the purpose of Jal Yatra and contribution to be made by students of college in saving the river. The session ended with Pledge for saving water, At 5.00 pm there was water testing for checking the Dissolved Oxygen (DO) level in river water. A special kit was given by Dr. Vinod Bodhankar (President, Sagar Mitra foundation, NGO) to Hutatma college NSS students. Water testing took 30 min to get the results. The level of DO wasppm. Dr. Vinod also explained how the students of school in pune had joined hands to reduce pollution by separating plastic waste and organic waste from waste bins.

The day ended with reaching Pune at night with lots of knowledge gaining and meeting people.

Day 4; 9th Aug. 2017

After Breakfast, We left for Aalandi. In Alanadi A Rally was arranged from Chatrapati Shivaji Maharaj Statue to the Gyaneshwar Mauli Sanjivan Samadhi Mandir at Indrayani Ghat. In this rally all school and college students of nearby area had participated. The rally began with the Jal kalash puja at statue and kirtan performed by School students. At the end of rally, we visited samadhi Mandir and sought blessings of Saint gyaneshwara. At Inndrayani Ghat, Kalash puja and arti was performed by the Dr. V.D. Karad and other members. Pledge on Namami Chandrabhaga was taken by all.

In noon, small welcome programme was arranged by the Gram panchayat of Alandi. They felicitated all the Jal yatra members and appreciated the efforts for creating awareness on river pollution. Street play was performed by our college students in front of 350 students.

After lunch at jalaram Mandir, alandi, We left for Dehu. In Gatha mandir campus a small talk 'Gram samvad' was arranged. Water activists, panchayat people, faculties of conquest college had participated in it. In that talk, people shared their experience of water crisis faced by them and their solutions. 'Pollution free and Jalparni free water group' was formed.

In the evening, Water testing (DO level) was conducted at indrayani river bank by college students under the guidance of Dr. Vinod Bodhankar. The result was DO Level 8ppm.

All had dinner at pune at night stay was arranged at pune.

Day 5 10th Aug. 2017

The day started with the River cultural walk at the bank of MUtha river which was arranged by the JEEvit nadi Foundation,(NGO). During walk, Dr. Shilaja Deshpandey had explained the brief history of origin of Shayadri Mountain range and mutha river. She had given information about the changing conditions of river over the years. Different species of birds and animals were the habitat of Mutha river bank but due to human civilization and encroachment at river, slowly may species became extinct. At the end of river walk, Jal kalash puja was performed and mutha river water poured in that kalash.

After river walk, Vitharthi-Nadi Samvad was organized at pune University by the Environmental dept. of the University. During that session, Sandeep Chodankar had shared his experience of Panchganga Rejuvenation. Dr. Shailaja Deshpandey has given ppt presentation on Mutla and Mutha river and its present conditions and solutions. Students were invited to share their experience on water related issues. Many students sought guidance on several issues of water availability, its quality and measures for improvement. Dr. Nitin Karmarkar, V.C. of the University assured that University will contribute to the water conservation and river purification campaign.

After lunch, A closed door meeting was arranged by the Members with the Municipal officers of Pimpri Chinchwad Maha nagar palika. After that At Auto cluster centre, pimpri, a Nadi Samvad was arranged. In that discussion, Mr. Hardikar, commissioner of PCMC had declared that PCMC is all set for the waste water treatment by setting of bio technology enabled plant.

Dr. Sayali Joshi from SERI organization had shared experience of river rejuvenation at Udaypur city and explained that the same plan can be adapted by PCMC.

In the evening Cycle rally was organized from Auto cluster centre to Gosavi Ghat by Members of Cycle Mitra (NGO), Vriksha Mita and Pawna Jalmaistri Abhiyan (NGO). At the bank of Pawna river Street play was performed. Another organization Rally For river, had joined the Jalyatra with the objective to spread information of importance of water. Jal Kalash Pujan and aarti was performed at Gosavi Ghat. Jal Pratigya for Namami Chanmdrabhaga was taken by all.

After that again Cycle rally was organized from Gosavi Ghat to Chikhali Ghat. Jal kalash puja and aarti was performed. Near the bank of Indrayani river, the local villagers and corporators had joined hands to save indrayani river and formed an action plan for waste water treatment plant set up. The mayor had assured them they they will do the needful at earliest to solve polluted water.

At the end of day, Members of Vriksha Mitra and Cycle Mitra had distributed 2 bags of apple to our college students as a token of appreciation and reward for the efforts. Our dinner and Night stay was arranged at pune.

Day 6 11th Aug. 2017

The morning of that day was blissful as we visited Magar patta city (SEZ), It is First Planned city near Pune. It has set an example for in house in built sewage treatment Plant for solid waste and liquid waste. After visit of campus, Mr. Manek Sharma, Manager of city showed the presentation and explained the formation of city and its planned structure for the convenience of residents and eco friendly atmosphere. Later on Mrs. Sema Bhosle, the plant co ordinator explained the functioning of plants and how solid and liquid waste can be converted into recycled material and income generation. Bio Gas plant is set up for lighting the street lamps at night. The students were amazed by th planned manner of waste disposal practically.

After City visit, The Yatra moved to Ked gaon. In Ked gaon, at 11.30 am there was warm welcome of Campaign people by the faculties of Subhash Baburao Kul College. Street play was performed on front of college students. Young generations of the college were invited to join the Yatra and form Bhima Basin Action Group to discuss and resolve water related issues. Hearts to be connected with the river then only people will understand the problems waste water disposal in rivers. Pledge on Namami Chandrabhaga was taken and books were distributed.

Then at 3.00 pm we reached E.S.Divekar college,Varvand. There was felicitation of all yatra members. Rally was organized by the college students in the college campus. At 4.00 pm we reached Nageshwar Vidhyalaya, Patas, Daund. Our college students had performed street play. The yatra members oriented students about the purpose of This water Literacy campaign and importance of water in our life. They also explained that how we are responsible for the degradation of water quality. the Jal Pratigya on Namami Chandrabhaga was taken by all and at the end rally was organized in the school play ground.

At 5.00 pm, we reached Daund City. The Jal Kalash puja was performed at Ambdkar chowk and rally was started. School students had participated in the rally. It finished at New Municipal corporation build. In the auditorium of build. The welcome programme was conducted by the Corporator Shri Nandu pawar and other members. Shri Sunil Joshi explained the purpose and aim of this yatra and invited audience to come forward for the fight against water pollution. They are invited to form action group to discuss and resolve the issues. At th end snacks were arranged for all. The night stay was arranged in Govt. Guest house.

Day 7 12th Aug. 2017.

In the morning, The yatra started by visiting the college, Kala Maha vidhyalaya, Bhigvan, Indapur. The Jal kalash puja was performed and students were oriented with the importance of water and Bhima river. They had been asked suggestions for the current water crisis by forming Action group and measures for govt. decision. Th pledge on Namami Chandrabhaga was taken and street play was performed.

En route, at the bank of Ujani river, Bhigwan, the talk with fisherman was arranged. The local fishermen explained how the water is affected due to waste water release in river. Skin related diseases are started spreading among those who work continuously in river. They also shared information that there is degradation of quality of fishes anf decrease in the species of fishes.

After Lunch, We visited Omkarnath Temple, took blessings of lord Omkareshwar, performed Jal kalash puja at Ranzani gaon, Madha Taluka (Solapur). At 4.00 pm Lok Nadi Samvad was arranged with the villagers of Akole gaon. They had shared their problems of getting fresh and drinkable water. They shared that They have to install water fulter or forced to buy bottled drinking water regularly. Th Yatra Members consoled them and asuured them that thwy will give suggestions to govt. for strict policy making. At the end the villages had felicitated the guest with the Shawl and Safa.

In the evening we visited Nira Narsing pur temple for taking the blessings of lord Narsimha. This temple is situated where bhima river and nira river meets. It has its historic importance and connected with mythological story. We all had witnessed the meeting of both the rivers and tested water quality of bhima river.

The day ended with the night stay in govt. guest house at akole.

Day 8 13th Aug. 2017

The day started with the visit of Pandharpur which is situated at the Chandrabhaga River bank. The Bhima river takes the shape of half moon at this point so this river is called as Chandrabhaga. Dr. Rajendra Singh ji had joined the yatra from Pandharpur. He showed the flag to the rally consisting School/college students, members of Warkari Sanghatana, Warkari Sampraday, local people etc. The rally ended at the Chandrabhaga river bank. There they had performed jal kalash puja. After that Jal pratigya was taken on Namami Chandrabhaga at Tikal Smarak.

The Nadi Lok Samvad was arranged at Tukaram Bhavan, Pandharpur. In the presence of 500 people, street play was performed. Dr. Rajendra Singh ji in his speech said that there is need of water rejuvenation in the current times at every phase of river water flow. He urged that Chandrabhaga river can be pollution free and holy if people decides to do so. The programme was ended with the Jal Pratigya on namami Chandrabhaga.

After lunch, The special programme was arranged at Gram panchayat hall to felicitate the efforts of students and faculties to support and participate in the Jal Saksharta Yatra. Dr. Rajendra singhji had personally appreciated all the students and faculties by giving shawl and shrifal. He also said this spirit should be continued afterwards also.

Our college participation in the Jal yatra came to an end by leaving at 5.00 pm from Pandharpur to Mumbai.

We had collected many memorable moments, performed street play, participated in rally and most important explored the problems of villagers in fetching the pure water and their indigenous solutions. We learnt the communication skills with the people, gained confidence in performing on stage and different angles of problem and solutions.

Day 9 14th Aug. 2017

We reached home at 2.00 am.

Report
Water Survey and Rally

Activity: - Survey of Water Body and Rally

Date: 01/09/2017

Objective of Activity: Checking the purity of water and Spreading awareness.

- VENUE: - Awli Village and Surrounding areas of Oswal Degree college
- TIME:-
RALLY - 8:50 am to 9:30 am
WATER SURVEY- 9:45 am to 1:00 pm

- **Agenda of Activity**

1. Spreading awareness regarding water preservation and consumption.
2. Checking the purity of different water bodies in the selected area.
3. Collecting information from the local public regarding water usage and supply.

- **Execution:-**

A rally was conducted by the students of the Oswal Degree College on 1st September, 2017 to spread the awareness regarding water consumption and water salvation. The students returned to the college for a break of fifteen minutes and then the members of NSS went for the water survey in the surrounding areas of Owli Gaon. The water bodies in the area were observed and checked. The level of suitability (purification) of water was as follows:

- 1.) Talao One at Awli Gaon - 7.5 D. O. A
- 2.) Talao Two at Awli Gaon - 8.0 D. O. A
- 3.) Water from the Pump in the village- 11.0 D. O. A

The students went to the nearby houses in village for collecting information related to problems of water resources during survey students identify that many people suffering from polluted water and shortage of water supply. After completion of survey, students returned to the college around one o'clock in the afternoon.

Outcome:-

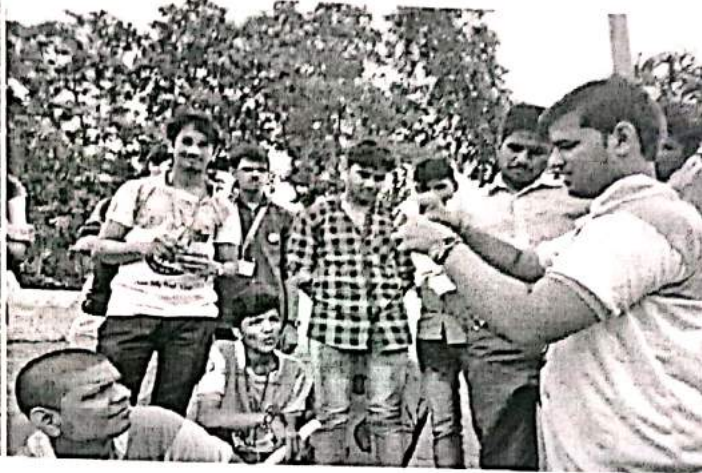

1. Students identified the problems of water facing by community.
2. Students suggested some majors to preserve water.
3. The rally and survey had been successfully conducted.
4. The students gained a lot of knowledge regarding the water supply and its utilization.
5. The students also learned about the method of water testing.
6. Awareness regarding water salvation was successfully conveyed by the volunteers to the people.

Report
Assistance in the 'Ganapati Visarjan'

Activity: - Aid and Assistance to traffic police and people

Date: 05/09/2017

Objective of Activity: To Help and guide the people and police in the 'Ganapati visarjan'.

- VENUE: - Dhamankar Naka, Bhiwandi
- TIME:- 08:00 pm to 10: 30 pm
- Agenda of Activity
 1. To assist the Traffic Police in the area.
 2. To guide and help the people in the area during immersion.
 3. To aid in smooth running of the idol immersion.

• Execution:-

On 5th September, 2017 some volunteers of NSS from Oswal Degree College went to Dhamankar Naka to help the people and the Traffic policemen situated in the area in order to allow smooth running of idol immersion. The Volunteers patrolled the streets and guided the devotees who were in need of assistance. They also supported the other volunteers present in the 'Ganapati Visarjan'. The volunteers not only aided the needy but also became the part of the immersion festival. The volunteers were active for two to three days regularly during the idol immersion.

Outcome:-

1. The policemen in the area had a great help and support from the volunteers of NSS.
2. People appreciated the work done by the NSS volunteers.
3. Other students and people too were motivated and inspired to help in the process.
4. The volunteers enjoyed their work and felt that their morale was boosted.

Orientation on Waste to Compost

Date: 13/09/2017

Activity: - Orientation

Objective of Activity: Awareness regarding Waste Management

- **VENUE:** - F.Y.B.Com/S.Y.B.Com/T.Y.B.Com Classrooms
- **TIME:** - 08:40 am to 09:30 am
- **Organized by:-** Members of NSS

• **Agenda of Activity**

1. To spread awareness regarding waste management and disposal.
2. To convey the ideas and knowledge of proper waste segregation.
3. To show various methods of waste composting.

• **Execution:-**

Chirag Prajapati and Akshay Nadiyapara of S.Y.B.Com presented an orientation on waste management and composting on 13th September, 2017. The meaning, effects, solutions, methods of waste management, proper segregation of waste, day to day implication were the highlight of the orientation. The event was successfully conducted.

• **Outcome:-**

1. The event was successful.
2. Students got knowledge how to segregate Dry waste and Wet waste.
3. There was an increase in the coordination and cooperation of students.
4. Students gained knowledge regarding various methods of waste composting and management (implementations).

Report
Women Empowerment & Gender sensitizations

Objective of Activity: Development of managerial skill among women

- VENUE: - 1st floor FY B.com class
- TIME:- 11:00 pm to 12:40 pm

On 28th of Sept, 2017 Saturday a guest lecture was arranged on women empowerment. The lecture was delivered by Dr. NEETA MISHRA. The session described how the role of women is changing in modern times, management and the goals which we have achieved or which we want to achieve in future.

The session started with the welcoming of Dr. NEETA MISHRA. Then the session proceeded with the introduction of lecturer which was given by our Principal Ma'am Dr. SNEHAL DONDE.

Speaker engaged students in various activities such as- all students shuffled by giving them group numbers, then gave a task to decide their group name and its 3 characteristics which are as follow:-

Sr. No.	NAME OF GROUP	Characteristics 1	Characteristics 2	Characteristics 3
1.	All is Well	Unity	Respect	Active
2.	Oswal rockers	Coordination	Punctuality	Management
3.	Smile	Happiness	Positive	Motivational support
4.	Obstacle	Motivational	Energy	Positiveness
5.	Golden carrier	Realistic	Time	Achievable
6.	Uddan	Cooperation	Time management	
7.	Timing	Punctuality	Let set go	Be on time

Then speaker said decide any two leader two from each group. Then all leaders were called and were asked about their group names and characteristics, then, speaker gave a balloon to each of the group leaders and said to blow the balloon and write the name of the group and first initial of all the group members.

Speaker proceeded with giving another task to write down all the past achievements and goals whichever is it good or bad and also said that each one has to write the upcoming or future goals which they have to achieve within 3 to 5 years. Then she passed a piece of paper in which each of the student had to write the 5 sacrifices which they have to do for achieving their goals and also to write the 3 new things or habits which they want to buildup.

Then speaker gave another task to all the group if they got 86400 to spend then what they will do, with a condition that [they cannot invest in bank or any L.I.C.] and also this spending should be described by all the above 3 characteristics. Few groups performed an act showing distribution of money while few group showed the distribution of money orally in different fields and few group performed an interview showing the social problems and distributed the money accordingly. With continuing activity speaker hid all the balloons in which the group member's first initial and group name was written and selected two random members from each of the group. Then speaker gave the target of 1 minute in which the group members have to search the balloons of their group. The member who completed the target in 1 minute speaker said the person is smart which means and stands for Specific Measurable Action Relevant Time-bond. The purpose was to create or develop sense of alertness and leadership among the girls. Hence the program had ended in success.

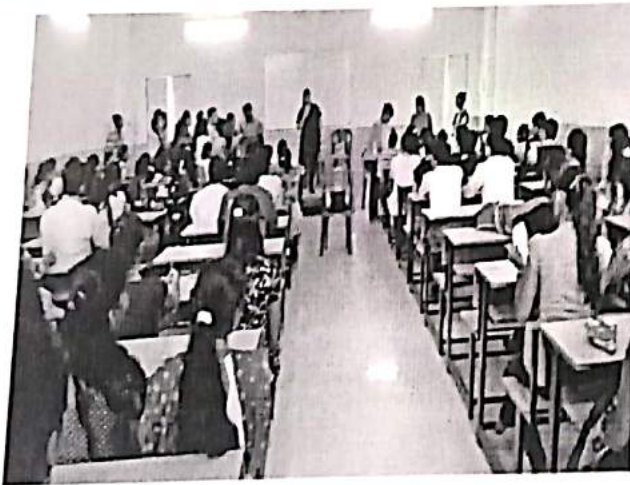

Through this session students learned the managerial skill and also learned how to manage the time and act on behalf. She gave motivation to girls regarding upcoming goals of life. The entire session not only motivated but also inspired the girls and the concept of women empowerment.

Blood Donation Camp

Date: 13/10/2017

Activity: - Camp and awareness program

Objective of Activity: Spread awareness regarding blood donation

- VENUE: - Oswal degree college, S.Y.B.Com.
- TIME:- 10:00 am to 01:15 pm

- **Agenda of Activity**

1. Spread awareness regarding blood donation and its importance.
2. To donate blood for the good cause of the society.
3. To appreciate the work of the donators or donors.
4. To motivate and inspire the students as well as people to donate blood and do a good turn.

- **Execution:-**

A Blood Donation Camp was organized and arranged by the NSS volunteers on 13th October, 2017 in order to spread awareness regarding blood donation. The program was inaugurated with introduction of the Chief guests Mr. Ratilal Sumariya and Dr. Kamal jain, followed by the Poojan.

Then the Blood donation camp began in the S.Y.B.Com classroom. Nurses and collectors had been called from the Thane Civil Hospital for efficient collection of blood. Various people and students had come to donate their blood and display a small act of kindness for the society. 27 bottles of blood had been collected throughout the program (camp). Each bottle contained 350 ml of blood. The guests and donors were treated with great hospitality with glucose biscuits and energy drink.

Outcome:-

1. The camp had been successfully arranged and conducted.
2. Awareness regarding blood donation was spread in a successful manner.
3. Students and people from different areas donated their blood for the good cause of the society and had become a helping hand to those who are in need of blood.
4. The camp not only inspired but also encouraged others to donate blood and conduct a small act of kindness.

- To improve coordination and co-operation among the NSS volunteers.
- To learn different life skills such as leadership skills, communication skills, practical implementation, etc.
- To know about the education system of the selected village.
- To survey the local water body in the selected village.
- To work hard for the betterment of the selected village and create a good infrastructure for the same at personal level.

INTRODUCTION

National Service Scheme

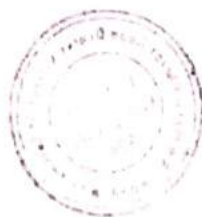

The National Service Scheme is an Indian Government-sponsored public service programme conducted by the Department of Youth Affairs and Sports. Popularly known as NSS, the National Service Scheme was launched in 1969 - Gandhiji's Centenary year. NSS is a voluntary association of youth in colleges, Universities and at 2+ levels working for a campus-community linkage.

The programme aims at developing students' personality through community service. It promotes social welfare among students as well as provides service to society without bias. It also provides help during natural and man-made disasters by providing food, clothing and first-aid to victims. NSS volunteers work to ensure enhancement in the standard of living of people.

MOTTO of NSS: 'NOT ME BUT YOU'

NSS Special Residential Camp

NSS Special Residential Camps are camps held annually by the Government of India, and are usually located in a rural village or in a city suburb. Volunteers attending the camp may be involved in activities such as cleanliness drives, afforestation, awareness rallies, street plays and shows spreading awareness, etc. there are no predefined or preassigned tasks; it is left up to the volunteers to provide service in any way that is feasible. Camps typically last between a week and 10 days, although camps for shorter periods are also conducted by NSS.

REPORT

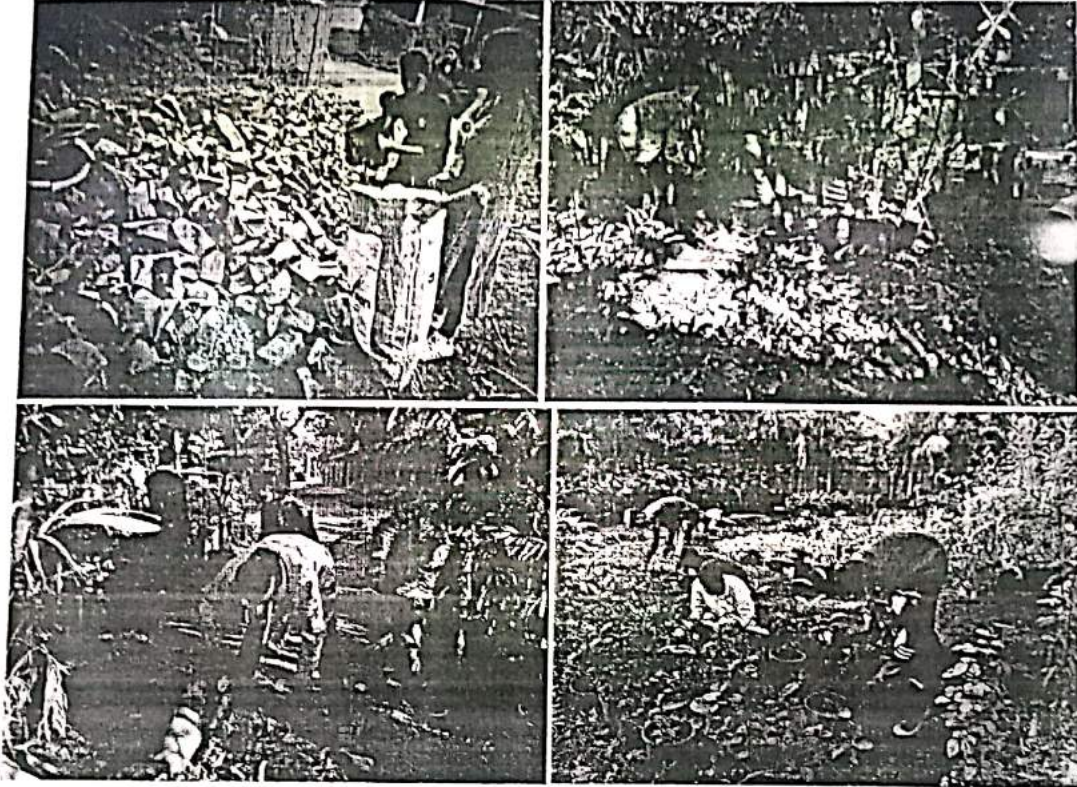

The NSS unit of Shree Halari Visa Oswal College of Commerce had organized a seven days Special Residential Camp at the Galtare village, near Hamrapur Phata from 24th December, 2018 to 30th December, 2018. Twenty-five volunteers (10 girls & 15 boys) under the guidance of NSS program officer participated in the camp. They carried out various activities in the adopted village in order to highlight the day to day problem faced by the residents and farmers of the village, and try resolving the same. The details of the activities conducted are as follows:

DAY ONE – 24th December, 2018

On 24th December, 2018, the NSS volunteers left from the college for Galtare Village around 8:00 a.m. They reached the campsite by 11:00 a.m. and accommodated into the respective rooms immediately. Soon they began with their preparations for the first activity of 'Plant nursery' in order to get saplings from the nursery for afforestation. Few volunteers participated in the gardening activities which were conducted simultaneously. The activities lasted from 2:00 p.m. till 6:00 p.m. After a break of one hour, a session on 'Traditional Technology-Why India is Great?' was taken by Netaya Caitanya from 7:00

p.m. to 8:00 p.m. After having dinner volunteers shared their experience and wrote the report of the day.

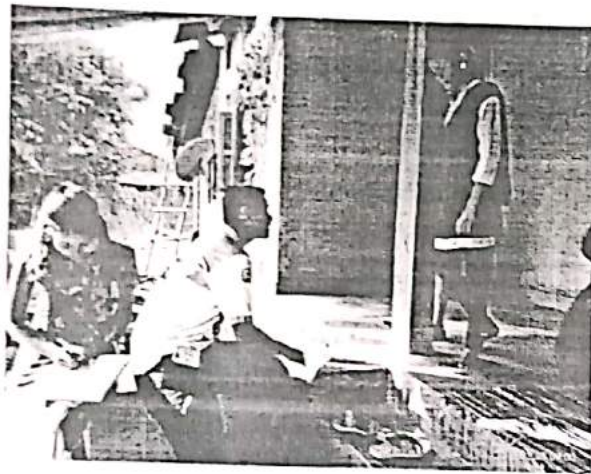

DAY TWO – 25th December, 2018

The following day, 25th December, 2018, the volunteers woke up and were ready by 6:30 a.m. They conducted a yoga and exercise session from 7:00 a.m. to 8:00 a.m. Then, breakfast was served till 8:30 a.m., after which, the volunteers conducted the overall survey of the adopted village. The entire NSS unit was divided into 5 teams consisting of 5 volunteers each which covered different areas of the village. The volunteers also distributed the cloth bags among the local people in order to promote and spread awareness regarding Anti-Plastic Campaign. The activity lasted from 8:40 a.m. to 1:00 p.m., the volunteers tried to collect as much data and information which reflecting problems of villagers so that they could be analyze and put will emphasis on the necessary solutions required for resolving various problems with the help of local body & rural area development committee faced by the people of the Village.

After taking a lunch break from 1:00 p.m. to 1:00 p.m. from 2:00 p.m. onwards, half of the volunteers focused on the remaining gardening activities while the other half assisted in the library work for conference at Govardhan Eco-Village. At evening session on 'Life skills' was conducted by Hemrup Caitanya sir from 6:30 p.m. to 8:00 p.m. After having

dinner volunteers shared the outcomes experienced by them while doing survey report for the same mention below and wrote the report of the day.

DAY THREE – 26th December, 2018

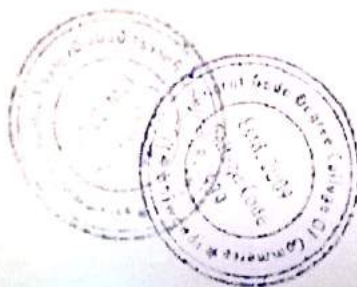

On day three, 26th December, 2018, all the volunteers were ready by 6:30 a.m. After having 'Yoga and Exercise' from 7:00 a.m. to 8:00 a.m. The breakfast were served from 8:00 a.m. to 8:30 a.m. & there after a tree plantation activity, in which all the volunteers learned the correct technique of planting a sapling. They understood the exact proportion in which the soil and fertilizers must be mixed together, appropriate way of watering the pits and the proper methods of actually placing the saplings in the dug pits and covering the roots of the same with mixed soil. After working hard for four hours there was lunch break till 1:30 p.m. From 2:30 p.m. to 3:30 p.m., volunteers played various sports and had fun. At 3:30 p.m. the volunteers visited the local water body that is Vaitarna River and surveyed its surroundings. Then from 5:45 p.m. to 7:00 p.m., there was a quiz competition for the volunteers regarding different topics. Thereafter, a session on 'Deaddiction' was conducted by Shridhadar Nimaya which lasted for one and half hour. Dinner was served from 8:30 p.m. to 9:30 p.m. The volunteers started with their report writing for the day at 9:30 p.m. and by 10:00 p.m. all were in bed.

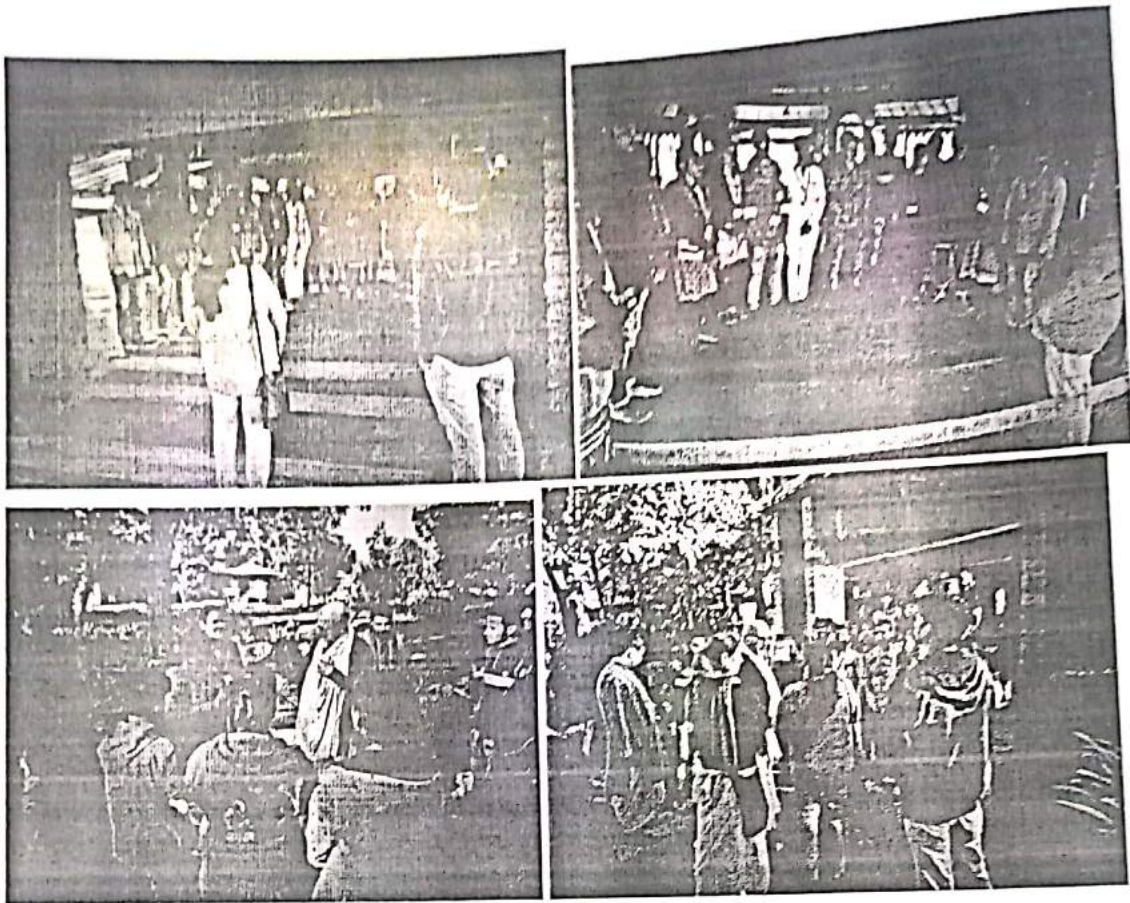

DAY FOUR – 27th December, 2018

On 27th December, 2018, all the volunteers were ready by 7:00 a.m. for the 'Yoga and Exercise' session of one hour. They had their breakfast by 8:30 a.m. From the 8:30 a.m. to 9:30 a.m. there was short supervision session by the college principal, Dr. (Mrs.) Snehal Donde, who checked and ensured that the NSS was functioning in an efficient manner and in right direction. After the principal's session, the volunteers proceeded to the rural development building in order to gain some knowledge and information about organic-farming, women empowerment and education in the village and other rural based facilities which could be provided in the village. At 1:30 p.m. lunch was served, after which there was a sports session from 2:30 p.m. to 3:30 p.m. Thereafter, 'Cleanliness drive'; was initiated by the volunteers of NSS in the surrounding areas of Galtare Village. Followed by the cleanliness activities, there was a session on 'Secret of Success' taken by Tarunatai which lasted from 6:30 p.m. to 8:00 p.m. Then dinner was served, from 8:30 p.m. to 9:30 p.m. The volunteers started with their report writing for the day at 9:30 p.m. and by 10:00 p.m. all were in bed.

DAY FIVE – 28th December, 2018

On the fifth day of the camp i.e. on 28th December, 2018, the volunteers gathered for the 'Yoga and Exercise' session by 7:00 a.m. After having Yoga session volunteers had their breakfast. From 8:30 a.m. to 1:00 p.m. the volunteers conducted farming activities and learned a lot about organic farming. They also helped in serving the cows by feeding them and caressing them. By 2:00 p.m. volunteers had had their lunch. After a short break for rest the volunteers continued with their activities of stocking of grass, organizing the saplings, cleaning the garden areas, etc. By 3:30 p.m. all the gardening activities were completed. From 3:30 p.m onwards volunteers visited towards SBT project for getting practical exposure sewage treatment, which lasted till 6:30 in the evening. The volunteers gained a lot of knowledge and information regarding sewage water treatment, Cow breeding, organic-cultivation, water harvesting and water purification.

There was a refreshment break from 6:30 p.m. to 7:00 p.m. From 7:00 p.m. onwards a session on 'Real Wealth Maximization' was conducted by Hari Madhav. The session lasted for one and half hour. Dinner was served from 8:30 p.m. to 9:30 p.m. The volunteers started with their report writing for the day at 9:30 p.m. and were in bed by 10:00 p.m.

DAY SIX – 29th December, 2018

On the second last day of the camp, 29th December, 2018, after 'Yoga and Exercise' session, the volunteers had their breakfast and by 8:30 a.m., were ready for the next activity. They set out for survey of school in Galtare Village. The volunteers spent some time with students and also helped them learn new concepts and ideas. The facilities of

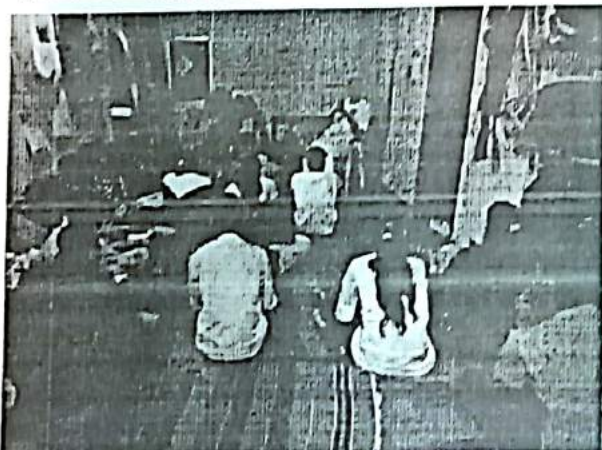

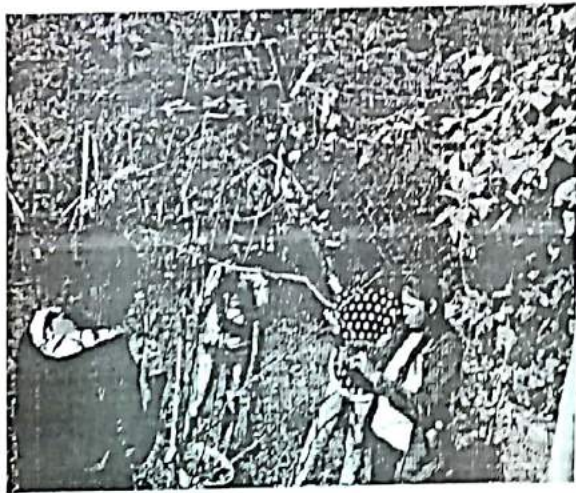

the school were closely noted and judged by the NSS volunteers. Along with the visit to school, the volunteers also motivated the local people to join them and clean the nearby areas of the village as a part of 'Swachh Bharat Abhiyan'. The activity was conducted till 12:30 p.m. Then lunch was served from 1:00 p.m. to 2:00 p.m. After lunch, Krishna Gaur conducted a session on 'Satisfaction' from 2:00 p.m. to 3:30 p.m. Thereafter, the volunteers continued with their activities of Library Management and gardening. There was a conclusive cultural Programme held from 8:00 p.m. to 9:30 p.m. in which the volunteers shared their views and ideas - regarding their experiences in the camp, the way of living without availability of resources and what they learned during the period of camp. The volunteers had their dinner by 9:30 p.m. and then started with their report writing at 9:30 p.m. By 10:00 p.m. all the volunteers were in bed.

DAY SEVEN – 30th December, 2018

On 30th December, 2018 the regular routine of yoga, exercise and breakfast was completed by the volunteers by 8:30 a.m. From 8:30 a.m. to 1:30 p.m. random activities were conducted by the NSS volunteers such as serving small children, helping old people, cleaning the dining area, stocking, serving the animals etc. Then lunch was served from 1:30 p.m. to 2:30 p.m. and by 3:00 p.m., the volunteers were packed and ready to leave the camp site. The volunteers left at 3:15 p.m. and reached college at 5:30 p.m. The Seven-day Residential camp was completed successfully.

Village Survey

NSS Volunteers had conducted a survey of the adopted village in order to gain information and knowledge regarding educational, social, economic and water related issues of the residents of the village.

Village Survey
Questionnaire

Village Name: GALTARE VILLAGE (near Hamrapur Phata)

Name of the respondent:

Date:

Age: Gender:

SECTION A

- Total number of family members
Number of earning members _____
Age Group wise number of family members (How many?)
1-10 10-30 30-60 Above 60
- Occupation of earning member:
i. Farmer ii. Employee in a company iii. Worker/Labourer iv. Other
- Annual income of earning member's? (In INR)
i. Below 2000 ii. 2000-5000 iii. 5000-10,000 iv. More than 10,000
- What is the type of Job availability in your village?
- Suggestions regarding job creation in your village.

SECTION B

- Rate the quality of education provided in the village?
a) Poor
b) Satisfactory
c) Not satisfactory
d) Up to the mark
- What is main focus area in the school/educational institute of the village?
- Is there regular supervision and monitoring of activities in the institute? Yes/No
- According to you, what changes must be brought in the method of educational institute?

SECTION C

1. Any previous water/educational survey conducted in your village?

Material	Organization Responsible

2. What are the sources and uses of water in your home?

Sources	Uses

3. What water related problems are faced by you?

- Availability of water (Shortage/Scarcity)
- Quality of water
- Taste/odour/colour of water
- Level of contamination
- Pollution
- Other

4. What do you do to harvest water?

5. What additional help can the government provided to you, in case of water preservation or consumption?

6. As compared to previous year, has there been any improvement in your village regarding infrastructure or other facilities? Yes (Elaborate) / No

7. What are the social and economic problems faced by you in your village?

Social	Economic

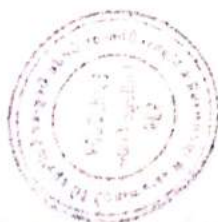

8. Do you get any aid from local government body or ISKCON? If yes, from whom and how?

9. Rate the level of Pollution in your village:

- Air
- Water
- Noise
- Soil

10. What is your opinion regarding water/education/social/economic issues in the village?

Dr. (Smt.) Snehal S. Dunda
Principal

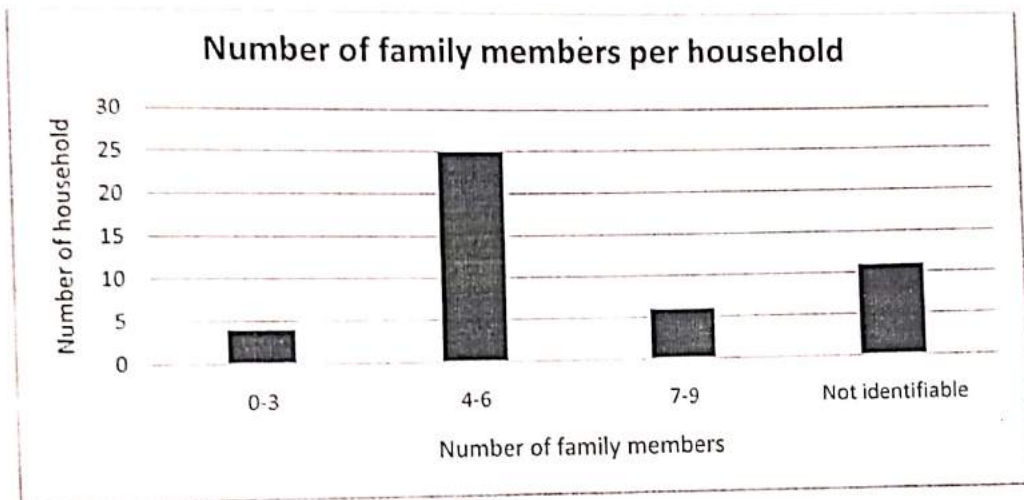

Primary Data:

Based on the primary data collected during the survey, following statistics can be derived:

Number of family members per household:

Number of family members	Number of houses
0-3	4
4-6	25
7-9	6
Not identifiable	11

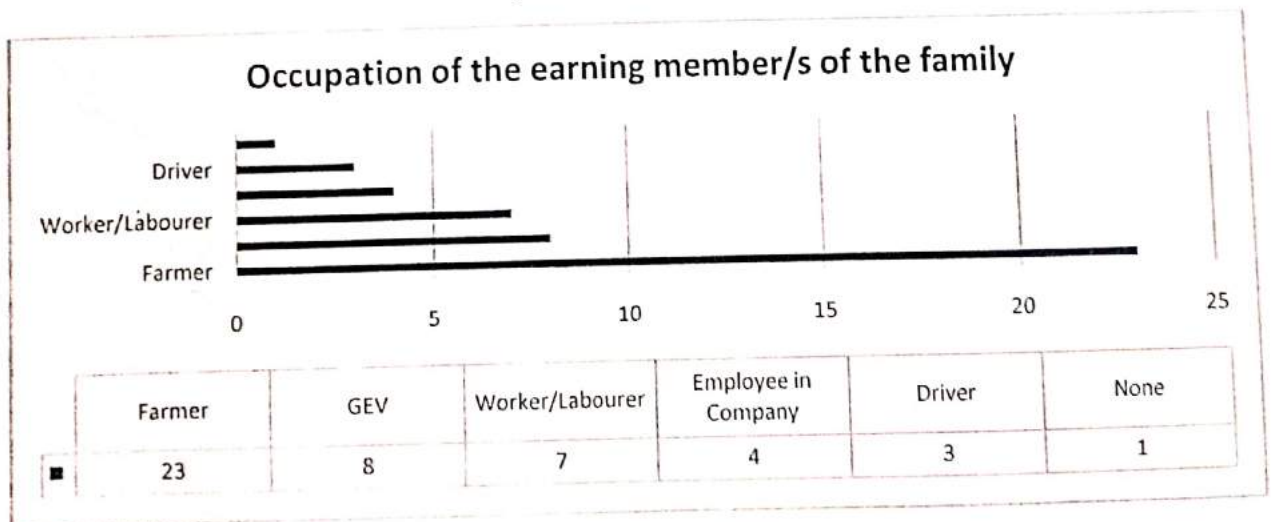

Graphical Representation:

Out of the 46 houses that were surveyed, 67% of the surveyed household have more than 4 members in a family.

Primary Occupation of the earning members of the family:

Graphical representation:

From the data received, it is observed that majority of the earning members of the households are farmers. Apart from farming, there are drivers, employees in a company, labourers and workers in Govardhan Eco-village.

Annual Income of Earning Member/s (₹):

Tabular representation:

Earnings (₹)	Number of houses
Not identified	2
Below 2000	3
2000 to 5000	3
5000 to 10000	12
More than 10000	26

Out of the 46 surveyed households, 57% of the households had earning members earning more than ₹ 10,000 annually.

Satisfaction of the people regarding the quality of education provided in the village:

Based on the survey conducted, it is evident that 83% of the household in the village were satisfied with the quality of education provided in the village.

Rating of the quality of education provided in the village as per the survey:

Level of satisfaction with the quality of education	Number of households
Poor	5
Satisfactory	38
Not satisfactory	2
Up to the mark	1

Previous surveys conducted in the village:

Based on the survey conducted, the residents mentioned that previously various surveys had been conducted in the village by different entities. The details of the surveys conducted and the responsible organization are as follows:

Material	Organization responsible
Water survey	Govardhan Eco-village
Water survey	Oswal College, Bhiwandi
Alcohol	Virar side students
Water survey	Government of Maharashtra

holds are workers

Water related survey:

Sources and Uses of water:

As per the survey, it was noted that the sources of water are the Vaitarna River, Borewell, Boring, Tap water (pipeline) and other sources. The water from Vaitarna river is used for Farming, washing, bathing, drinking and other home uses. Borewell and tap water is used for bathing and washing whereas boring water is used for drinking and other household purposes. The other sources include harvested water and tankers.

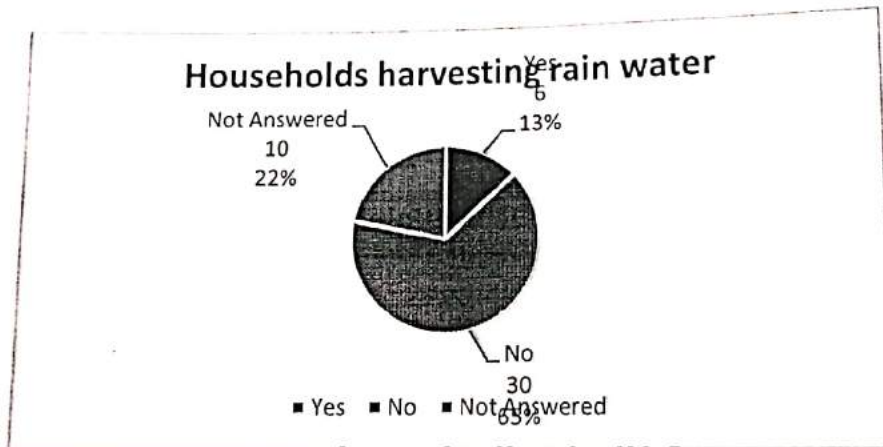

Problems relating to water:

Category of Problem related to water	Percentage of Households which reported the problem
Availability of Water (Shortage/scarcity) - Yes	10.87
Quality of Water - Not good	54.35
Taste/odour/colour of water - Bad	43.49
Level of contamination – High*	26.09
Pollution - Yes	28.26
Have to travel for water	4.35

*High contamination in the month of May (58.33% of population who have voted for high contamination)

Rain water harvesting:

Based on the survey of the 46 households, the numbers of households harvesting rain water are as given in the pie-chart below:

Opinion regarding development and problems in the village:

Based on the survey conducted, the residents mentioned that as compared to previous year there has been significant development in infrastructure of the village, especially road development.

The quantitative details are as follows:

Whether improvement in the village?	Number of Household
Yes	25
No	14
Not Answered	7

JALGAON DISTRICT COURT
 JUDGE COURT
 AGAD TARAJI
 MR. JUDGE
 JUDGE COURT

According to the residents of the village there are water, education, economic and social issues in the village. Education facility in the village is very weak. There is school only up to fourth standard. They suggest for the development of private schools and colleges in the village. After tenth and twelfth standard there isn't job and work opportunities in the village. They suggest for improvement in quality and supply of water, proper power and electricity facility and Net facility to be provided by the government.

CONCLUSION:

The NSS seven-day Special Residential Camp proved to be successful in more than one aspects. The camp not only helped the volunteers to be independent but also encouraged them to communicate and interact with the people in order to understand and resolve the problems faced by the people and thus help in building a healthy society. The different activities conducted by the NSS volunteers aided the local people in their regular routine, it made them aware about the importance of cleanliness, afforestation, water harvesting and its preservation, careful planning and implementation of varied ideas. Each moment of the camp was a learning experience. Volunteers with their hard work and efforts accomplished many activities that helped the selected village to build its infrastructure and create a healthy and safe environment. The sample survey conducted by the NSS volunteers made it possible to analyze the data collected during the survey and arrive at a feasible conclusion, the statistics involved in the analysis can help the data to be compared in more than one way. Therefore, the overall summary of the camp only leads to an inference that the seven-day NSS Special Residential Camp was a success.

Report

Activity	: Rain Water Harvesting Survey
Objective of the activity	: To conduct survey and spread awareness regarding 'Rain Water Harvesting'.
Time	: 10:30 a.m. to 1:00 p.m.
Organized by	: NSS volunteers

Agenda of the activity:

- To gather information regarding all the types of rain water harvesting systems used in various buildings, schools, colleges, industries, residential or housing societies, etc. in various areas of Bhiwandi.
- To interact spread awareness among the people in order to discuss the importance of the rain water harvesting.
- To collect data and analyze the same in order to have a base for the future projects or activities related to various purposes of rain water harvesting.
- To enhance the communication skills, build confidence and boost morale of the volunteers.

Execution:

On 2nd August, 2018, the NSS volunteers of Shree Halari Visa Oswal College of Commerce conducted a survey on 'Rain Water Harvesting' in various areas throughout Bhiwandi. The volunteers form 4 groups with each group containing 4 to 6 volunteers. The survey began at 10:30 a.m. with proper questioner containing details of survey to be conducted in specific areas and lasted for 2 hours and 30 minutes covering many areas in different sectors of Bhiwandi. The volunteers gathered the various information about various types of system installed by people and inquired about the type, cost, duration, technique, purpose of usage and benefits of the rain water harvesting systems and ensured that the same weather were installed in their respective buildings or units. A questionnaire was used as a survey tool by the volunteers which was aided them to collect and gather relevant information in an organized manner. The activity not only helped to collect data about the use of Rain Water Harvesting units but also brought volunteers closer to the people helping them communicate more openly. The survey was conducted successfully.

Outcome:

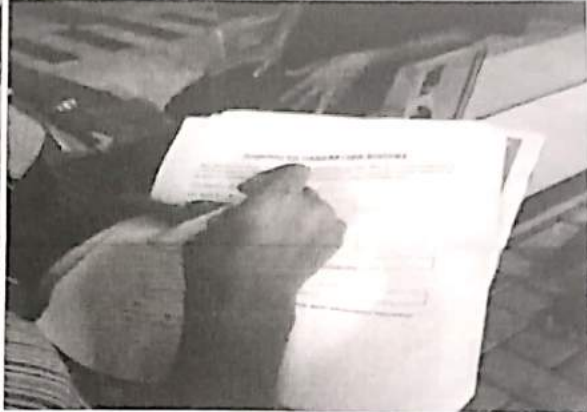

- 1.) The volunteers communicated with local people and gained information regarding the implementation of Rain Water Harvesting techniques in different areas of Bhiwandi.
- 2.) The interaction with people helped the volunteers to collect data and information for the purpose of statistical analysis.

- 3.) It helped the students to develop their communication and personal skills.
- 4.) The survey was conducted successfully.

Report

Activity : Tree Plantation
Objective of Activity: To promote afforestation.
Time : 10:00 a.m. to 2:00 p.m.
Organized by : NSS volunteers

Agenda of the activity:

- To promote afforestation in the society through the activity of Tree Plantation.
- To Plant maximum trees near river banks.
- To develop unity and harmony among the volunteers towards environment.
- To take an initiative measure in order to aid in reduction of polluting agents through the activity of 'Tree-Plantation.'

Execution:

The NSS volunteers of Shree Halari Visa Oswal College of Commerce conducted an activity of 'Tree-Plantation' on 31st July, 2018 under the guidance of few local gardeners of BNCCMC near Kaamvari River. All the NSS volunteers of the college willingly agreed to participate in the activity. They left college around ten in the morning and reached the designated location at 10:30 a.m. They planted many tree saplings spreading across three locations near the banks of Kaamwari River. College principal, Dr. (Mrs.) Snehal Donde, came to the selected locations in order to inspect the running of activity. She had inaugurated the activity of Tree Plantation and explained the importance of the tree plantation in the society to the students and also addresses how water getting polluted because of flowing looms waste water into river without any treatment. The entire activity was supervised by the NSS program officer. The volunteers enjoyed and were happy to work in coordination with each other leading to the success for society.

Outcome:

- 1.) Through the activity students managed to spread awareness regarding the need of afforestation in the selected locations.
- 2.) The NSS volunteers learned to coordinate and cooperate with more efficiency.

- 3.) The volunteers managed to plant more than 150 saplings in the selected locations.
- 4.) The activity was successfully conducted.

Activity : Anti plastic rally and cloth bags distribution

Objective of Activity: To create awareness regarding ban on use of plastic bags & Promote environment friendly practices in society

Time : 11:40 a.m. to 12:45 p.m.

Organized by : NSS volunteers

Agenda of the activity:

- To take a Rally from our college to the nearby areas.
- To distribute the cloth bags at the market area and to the general public.
- To create awareness to stop the use of plastic bags.
- To encourage people to use cloth bags.

Execution:

All the NSS volunteers gathered on college ground and formed a group of 7 volunteers each group took 30 cloth bags, and some banners & posters made by them. The activity was initiated in the form of 'Anti plastic Rally' from the college campus towards Mahaveer Chowk & then Anjurphata. After reaching to respective place volunteers divided as per the divided groups created and started distributing cloth bags in the various market areas, societies, and common people and also by near area with an motive to create awareness and make people aware about the harmful effects of plastic bags and promote them to use cloth bags and be eco- friendly. More than 200 cloth bags were being distributed by volunteers. The entire activity was supervised by the NSS program officer. The volunteers enjoyed and were happy to work in coordination with each other leading to the success for society. The activity lasted for one hour.

Outcome:

- 1.) Through the activity students managed to spread awareness regarding ban on use of plastic bags.
- 2.) The NSS volunteers learned to coordinate and cooperate with more efficiency.
- 3.) The activity was successfully conducted.

Activity : 'Blood Donation Awareness - Drive'
Objective of the activity : To spread awareness regarding blood donation
Time : 11:30 a.m. to 12:30 p.m.

Agenda of the activity:

- To spread awareness regarding 'Blood Donation Camp' which will be held on 3rd October in the college campus.
- To allow people to know the benefits of Blood Donation
- To persuade people to contribute and donate blood for a good cause
- To develop the communication skills of the volunteers

Execution:

The awareness programme was organized by NSS volunteers for creating 'Blood Donation Awareness' which will be going to be held on 3rd October, 2018. The volunteers were divided into three teams, each covering different areas of Bhiwandi. The volunteers communicated with various people and tried to persuade them to donate their blood for a good cause. They had also spread awareness regarding the same. The drive started at 11:30 a.m. and lasted for about an hour. The results of the activity were fruitful.

Outcome:

- 1.) The volunteers persuaded a lot of people to donate their blood and made them aware about the benefits of the same.
- 2.) The drive helped the volunteers to boost their communication skills.
- 3.) The activity was conducted successfully.

Feedback:

People were eager to know about blood donation and its benefits. There was a positive response from the local public. Some people instantaneously agreed to donate their blood if it were to help the needy and for the betterment of the society.

Activity : 'Save River- Jal Jan Jodo Day'
Objective of the activity : To start a campaign for the purpose of spreading awareness regarding 'Water revival and rejuvenation programme'.
Time : 6:00 a.m. to 10:00 a.m.

Agenda of the activity :

- To spread awareness regarding water conservation and cleanliness
- To persuade as many people to join the 'Save River- Jal Jan Jodo Day'
- To make people understand the importance of Water rejuvenation and its perpetuity
- To allow people to share their views and ideas regarding the campaign
- To promote cleanliness and hygiene

Execution:

The NSS volunteers along with all the students of Shree Halari Visa Oswal College of Commerce and nearby colleges took the initiative to launch a mega campaign of saving rivers through water revival and rejuvenation programme, also known as 'Save River- Jal Jan Jodo Day', on 29th September, 2018, near the banks of Kaamwari River, Bhiwandi. All the volunteers gathered at the college campus at 6:00 a.m. The campaign began with the rally regarding water conservation, which had started from the college at 7:00 a.m. in the morning and ended at the banks of the Kaamwari river at 8:00 a.m. Commissioner of Bhiwandi Municipal Co-operation, Mr. Manohar Heere and Deputy Commissioner and the Head of Health and Sanitation department, Mrs. Vandana, were invited for a short programme near Kaamwari river which included sight-seeing of the river, spreading awareness in order to save Kaamwari river and gathering people for the same purpose. College Management committee members, Mr. Ratilal Sumariya and Mrs. Bhavika were also joined for the programme. Volunteers from other colleges of Bhiwandi had also joined the campaign. The NSS volunteers cleaned some of the nearby areas of the river. The programme for spreading of awareness regarding water revival and conservation commenced at 8:20 a.m. The anchor for the programme was done by Mr. Khushit Nepul Shah, NSS Leader. Water Oath was taken by each and every individual present for the programme under the guidance of college Teacher, Mr. Sanket. NSS volunteer shared their views and ideas highlighting the importance of saving Kaamwari River and activities conducted by them throughout the year. The college principal, Dr. (Mrs.) Snehal Donde, addressed the students and the local people persuading them to follow protocols and help in the preservation and revival of the river.

Commissioner of BMC assured that the BMC will provide full support for the good cause under taken by the principal and her team. Head of Health and Sanitation Department, Mrs. Vandana, too, took the opportunity to spread awareness of cleanliness and hygiene, asking students to become clean and responsible citizens of the country. The programme ended at 9:30 a.m. with the vote of thanks. Joint efforts put in by all the stakeholders of the campaign helped in securing fruitful outcomes for the same.

Outcome:

- 1) Message regarding water revival and rejuvenation successfully reached the local people
- 2) People understood the importance of cleanliness and hygiene.
- 3) People were given opportunity to speak and share their views and ideas regarding the points mentioned above
- 4) Commissioner of BMC and Head of Health and sanitation Department assured their full support for the cause of water revival and rejuvenation campaign.
- 5) The activities for the campaign were conducted successfully.

Feedback:

People were happy to become part of such a huge campaign initiated by the students of Shree Halari Visa Oswal College of Commerce. They were ready to contribute for the programme and engage in all the necessary activities required for the success of the campaign. They showed interest in receiving knowledge and understanding regarding water revival, rejuvenation, conservation, cleanliness and preservation programme.

Activity : 'Blood Donation Camp'
Objective of the activity : To donate blood and to help in the organization and smooth functioning of the camp
Time : 10:00 a.m. to 2:00 p.m.

Agenda of the activity:

- To motivate students to donate blood for a good cause
- To ensure efficiency in the functioning of the Camp
- To boost the confidence and morale of the volunteers
- To help in collection of blood donated by the donors
- To spread awareness regarding the blood donation among the local public
- To give full support and deserving recognition to the blood donors
- To increase harmony and unity among the NSS volunteers

Execution:

The NSS volunteer in association with State Blood Transfusion Council (Govt. of Maharashtra) has organized a mega Blood Donation Drive and Thalassemia Test Camp on 3rd October, 2018 from 10:00 a.m. to 2:00 p.m. in the college. The camp was under the supervision of Dr. Ajay Bhise – in charge from Sir J.J. Mahanagar Raktapedgi, Mumbai. The inauguration of the camp began at 9:30 a.m. College Principal, Dr. (Mrs.) Snehal Donde, Management Committee members - Mr. Ketan Malde, Mr. Piyush Gudka, Mrs. Bhavika and Mr. Atul, were invited for the inauguration of the camp. The camp started at 10:00 a.m. The principal has first person who donated the blood which act as role model to other volunteers and donors. Donors from various areas came to donate their blood & students parents were also join the same cause. The NSS volunteers of the college also contributed for the noble cause. A total of 35 bottles of blood had been collected throughout the camp. The NSS volunteers along with the NSS Programme Officer, were awarded with recognition for contributing in the 'Blood Donation Camp'. The camp were lasted till 2:00 p.m. The activity was conducted successfully.

Outcome:

- 1) The volunteers donated their blood for a good cause
- 2) 34 bottles of blood had been collected during the camp

- 3) Awareness regarding blood donation was done effectively and efficiently
- 4) The confidence and the morale of the NSS volunteers was boosted
- 5) There was an increase in unity and harmony of the volunteers
- 6) The NSS volunteers were happy to receive the award as a recognition for their contribution
- 7) The efforts of the NSS volunteers resulted in fruitful outcomes

Feedback:

People appreciated the establishment of the blood donation camp in the area. They got the opportunity to donate their blood for a good cause. They were happy to see the efforts put in by the youth for a noble cause which could salvage human life and thus humanity.

Activity : 'Beach Cleaning'
Objective of the activity : To clean Gorai Beach
Time : 10:00 a.m. to 1:00 p.m.

Agenda of the activity:

- To clean Gorai beach
- To work in collaboration with different colleges present during the beach cleaning programme
- To remove plastic and debris from the shores

Execution:

On 12th January, 2019, NSS volunteers along with the DLLE members of Shree Halari Visa Oswal College of Commerce, went to Gorai Beach in order to contribute in the beach cleaning programme conducted by the NGO-Beach Warriors led by Mr. Chinnu. The volunteers were under the guidance of Mrs. Pooja Dodhia, Convener of DLLE Department. The volunteers left from the college at 7:00 a.m. sharp and reached the beach at 9:45 a.m. Soon, the volunteers were joined by the college's NSS Co-Programme Officer, Mrs. Ranjeeta Singh. The programme at the beach began with a welcome note by Mr. Chinnu. Then at 10:00 a.m. all the colleges from various areas began with the cleaning. The NGO provided protective gloves and other necessary accessories to the volunteers. The cleanliness programme lasted from 10:00 a.m. to 1:00 p.m. In total more than 500 tonnes of plastic and other debris were cleaned and collected from the beach which were to be sorted and disposed by the BMC. The volunteers left the beach at 1:15 p.m. after having some biscuits and drinks provided by the leader group of the programme. The students reached their respective homes by 3:00 p.m.

Outcome:

1. More than 500 tonnes plastic and waste were removed from the beach
2. Different volunteers of various colleges worked together in harmony and unity
3. The hard work and efforts put in by the students paid off
4. The activity was conducted successfully

Report on Human Chain for Kamveri Bachao Abhiyan

Date: 26th January 2019

Time: 9.30 onwards

Venue: Tilak chowk-banks of Kamveri River (Nadi naka)

Introduction: Forming human chain at the banks of Kamveri River under the guidance of Dr. Snehal Donde, who is Jalnayak of Maharashtra and Principal of the college has taken the initiative of cleaning, revival, recharge and rejuvenation.

Objectives: The objectives of human chain were as follows:

- To create awareness amongst people regarding cleaning of the river.
- To remind public about their constitutional rights.
- To connect to rivers and take ownership of it for its corrective measures.

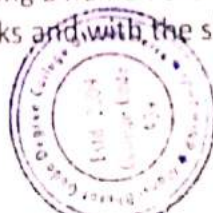

Guests:

- Additional Commissioner-Mrs.Vandana Gulve.
- Water Department Head-Mr.L.P.Gaikwad.
- Water Department Engineer-Mr.Sandeep Patnawar.
- Sabhapati Panchayat Samiti-Mrs.Ravina Jadhav.
- Principal Aqsa Women's College-Mrs.Unaiza Farid.
- Mrs.Tanveer Farid, owner of the adjacent land.
- Head of police department.

Overall Report:

Dr.Snehal Donde, Principal of Shree Halari Visa Oswal College of Commerce, being a Jalnayak of Government of Maharashtra and recognized by Jal baradari at National Level for her contribution in Water Literacy and Nature Awareness Programme and also for research conducted on river and various water bodies and Impact Assessment studies of Ganga river for its sedimentation erosion and people displaced. She has taken initiatives to mobilize student's power for organizing rallies across Maharashtra and Bhiwandi specifically, which is in collaboration with BNCMC, Water Resources Department.

On 26th January, 2019 at 9.30 am, NSS Units of Thakur College, Kandivali, Aqsa Women's College, Bhiwandi and various colleges in vicinity of Bhiwandi had all joined for the cause of creating awareness among local public regarding water conservation, pollution by solid waste and effluents of power looms and dyeing companies for the first time by forming a human chain on the banks of river by forming a human chain. All the students joined their hands forming a chain along the river banks and with the slogans of water conservation.

Students of Shree Halari Visa Oswal College of Commerce performed a street play on Water Conservation named, "Jal hai to kal hai". The objective of the street play was to create awareness amongst people that people are polluting river for their basic needs and in future they will realize that the loss was irreparable.

Speech by Dr.Snehal Donde:

Dr.Snehal Donde addressed the public and the students saying:

- We have organized this human chain for public's awareness.
- We are polluting the river and it's affecting our lives.
- This river belongs to Bhiwandi and its residents and so it's their responsibility to keep it clean.
- She added that it has been observed that this river which was very beautiful has changed now only to become a naala over the period of time. The difference can be noted very vividly.
- She instructed the public that we should change our living pattern and bring discipline to our attitude of dumping garbage in rivers and also to clean and prevent it from pollution.
- She asked the people to stop washing their vehicles in river and also water smuggling should be strictly dealt with.
- Being responsible citizens of Bhiwandi, we should ourselves take corrective measures rather than looking at various departments and politicians for it.

- She informed people that we are privileged to have 4 rivers surrounding us while there are places where not a single river is found in the vicinity and people are left with no choice rather than migrating.
- She insisted that people must take oath for water conservation, as rain water is getting mixed with sea water while the river is stagnant because it's full of silt and garbages.
- She reminded people that rivers have been designated as "mother" in Indian culture but today we are abusing it in such ways. We need to take care of rivers like we care our mothers
- She gave them the example that like blood is to the body, same way rivers are to us.
- People were made aware that they are creating scope for diseases themselves. Such filthiness leads to diseases.
- She appreciated the people and the departments that have joined and have been actively participating.
- She informed people that she has recently returned from "Ganga Sadbhavana Yatra" wherein she found that situation of people in West Bengal has become pathetic and soil erosion and sedimentation has been the root cause and hence comparatively situation in Bhiwandi is not that worse and that desilting could be an effecting way of solution.
- She said that she has involved students to mobilize youth power in this mission.
- The college is gaining popularity worldwide because of this mission, she informed.
- She encouraged the students to take the responsibility of river as social cause and tribute to the sacrifices of lives of people.
- She also encouraged the students to innovate through platforms like Startup India. She gave the example of Haridwar, where agarbatti (incense sticks) and soaps are been made out of flowers devoted to deities. Recycling methods like such can be effective way to tackle the problems of garbage in rivers in effective manner and hence students should think in innovative ways.
- At the end, she reminded people to put continued efforts in this.

Additional Commissioner Smt Vandana Gulve appreciated the work by Dr.Snehal Donde and tried to bring Swachta Bharat Abhiyan and Kamveri Bachao Abhiyan to work under one platform and she also assured her assistance in whichever way needed.

Principal of Aqsa Women's Degree College also showed her disappointment on the conditions of river and pledged to work in collaboration and help the mission. She also mentioned that during her childhood days she recalls very well that it was very beautiful river and people use to infact learnt swimming in that but today the river water is so dirty that nobody would even put their feet into it.

Sabhapati of Panchayat Samiti Mrs.Ravina Jadhav also spoke regarding her concerns and assured her co-operation.
Mr.Tanveer Farid, who is the owner of the adjacent land also appreciated and showed his mutual interest for cleaning the river. He also said that he shall try his best to provide all his assistance in the way required.

An oath on water "Shwetpatra" was taken by all the guests, students and the public present on the site. Sabhapati Mrs.Ravina Jadhav recited the oath which was repeated by all present.

The program ended with the vote of thanks by Asst.Prof Yogesh Pawar.

K.M.Agarwal College of Arts, Commerce and Science, Kalyan has also shown their keen interest in creating awareness amongst public by mobilizing youth power under the guidance of Jalanayak Dr.Snehal Donde and shall be working jointly with Shree Halari Visa Oswal College of Commerce.

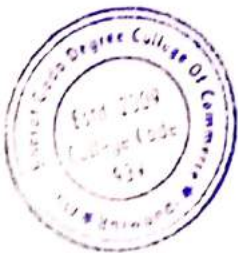

Through such collaborations in adjacent cities of Bhiwandi like Kalyan, Thane Dahisar etc, huge mass awareness can be created.

Rally at Thakur College of science and commerce,

On the same day i.e., 26th January 2019 at 10.00am Zoology department and DLLE unit of Thakur College of Science and Commerce at Dahisar also organized a Human chain for Dahisar Nadi Bachao under the guidance of Jainayak Dr. Snehal Donde. As guided by Dr. Snehal Donde, students rallied and formed human chain along the bank of river Dahisar and slogans of water conservation. This was to create awareness amongst people for understanding the importance of water and its conservation. Also to save the rivers from dying.

Report

Activity : Tree plantation activity.

Objective of Activity: To create awareness regarding saving trees & our beautiful environment & Promote environment friendly practices in society.

Time : 09:30 a.m. to 02:00 p.m.

Organized by : NSS volunteers.

Agenda of the activity:

- To adopt Dhamangaon Village & to take the responsibility of that place.
- To create awareness among the people for taking care of our environment.
- To plant several of trees & to take care of them.
- To solve the problems regarding the education system of that village & other problems.

Execution:

All the NSS volunteers gathered on college ground & ready to go in a decided location named as Dhamangaon. After reaching to the destination, our NSS volunteers & Indira Gandhi National Open University collaborated together & worked for our environment. Our principle madam (Dr. Snehal Donde), Dr. Krishna Rao (I/C Director) & Dr. Srinivas discussed to adopt this village(Dhamangaon) & make our village green & also discussed that how to solve the educational problems of this village and encourage the students & others to take the responsibility of this village. In this discussion, our Surpanch & Police patil(Mr. Shashank Bhoir) shared the problems regarding education. After the discussion all the students picked up small plants & started planting several trees with the help of Regional Forest officer (Mr. Dharavne & Mr. Nikum). More than 500 trees were being planted by NSS volunteers, IGNOU Mulund team & others. The entire activity was supervised by our principal Dr. Snehal Donde & Librarian Sanjay Salwe. The volunteers enjoyed and were happy to work in coordination with each other leading to the success for society. The activity lasted for two hours.

Outcome:

- 1.) Through the activity, the villagers will get the better education & also aware about the environmental problems.
- 2.) The NSS volunteers learned to coordinate and cooperate with more efficiency.
- 3.) The activity was successfully conducted.

No. of Volunteers Participated - 46

Activity	Blood Donation Camp
Objective of the activity	Donation of blood which can be useful for people in need.
Day and Date	Wednesday, 18th December 2019
Time	10.00 a.m. to 2.00 p.m.
Agenda of the activity	To donate blood so that it can save lives of people who are in urgent need of it.

Execution

Blood donation camp was organized by NSS unit of Mansi Bharat Gada Degree of Commerce in collaboration with St George's Hospital Blood bank unit under State Blood Transfusion Council on 18th December 2019 from 10.00 am to 2.00 pm in room no.1 of first floor of college building. The camp started with lamp lighting by Dr.Snehal Dondre and Mr.Pratap Valvi, the head of the team of Blood collection centre of St.George Hospital. NSS song was sung by the NSS volunteers along with the Programme Officer and NSS heads.

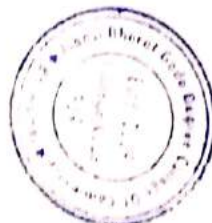

Registration of donors started soon and around 60 donors registered their names but due to issues like low hemoglobin 10 donors couldn't donate, 5 of them were underweight as per the specification by the team, 1 person had tattoo made recently on his body while 5 of them had various issues like, they had taken antibiotics recently, were going through menstruation etc .A total number of 39 donors could donate blood which is a major contribution to society.

Donors were given coffee and biscuits.

A donor's certificate from State Blood Transfusion Council and a donors card with 2 years validity was given to each donor.

Outcome:

No. of Volunteers Participated - 46

No. of People benefitted - 2598

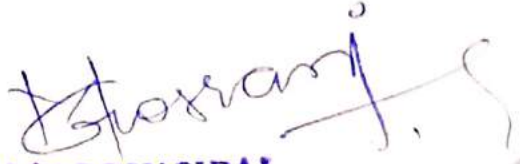

Dr. (Mrs.) Snehal Donde

- 1.) Total number of 39 donors donated
- 2.) People could get blood donated to blood in case of emergency and thus can be a major contribution to society.

Activity : Old clothes distribution
Objective of the activity : To help the lesser privileged section of society with clothes.
Time : 11:00 a.m. to 1:00 p.m.
Agenda of the activity:

- To collect the old clothes from the one who no longer need it.
- To distribute the old clothes to the lower section of the society in order to provide clothing to them.
- To help the poorer section with basic needs like clothing

Execution:

NSS volunteers of Mansi Bharat Gada Degree college of commerce collected old clothes in good conditions donated by people in their societies and distributed them in the slum areas of Anjurphata. Around 120 clothes were distributed which included ladies, men and children wear to winter wears too. People were happy to receive the same and found it to be useful for themselves and their families. A total number of 30 volunteers had been to distribute benefiting around 50 to 60 people. The students went to distribute these clothes on 10th November 2019 at 11 am to 1 pm.

Outcome:

- 1.) Volunteers learnt the value of old clothes too
- 2.) People got the benefit of the clothes which is a basic need.
- 3.) 50 to 60 persons were benefitted

In association with SKECT – WOMEN WATER WARRIORS

A Report on Kamwari river cleaning movement

Name of Activity: Kamwari river swachhta abhiyaan at Tilak ghat, Bhiwandi.

Date: 04th February, 2021.

Time: 10:00 a.m. onwards.

Venue: Nadi Naka (Tilak Ghat), Bhiwandi

Objectives of the meeting:

1. To spread awareness about water conservation & its cleanliness among the students and public in general.
2. To make aware the relevant authorities of government to look after water conservation and save the Bhiwandi water from being polluted.

Preparation:

The campaign was planned with all NSS volunteers of college, under the leadership of Principal, Dr. Snehal S. Donde Mansi Bharat Gada Degree College of Commerce, who is also Chairman of SKECT - WOMEN WATER WARRIORS and Maharashtra state recognized "JALNAYAK" and also in co-ordination of Mr. Sudhesh Bhaskar (Prashashak Adhikari), Mr. Kiran Channe (Sarpanch - Shelar) and R.J. Mhaske (Shelar gram vikas adhikari). All were informed about the event on 02nd February, 2021. For the implementation of this campaign Tehsildar, B.D.O., Media person, Other Bhiwandi colleges NSS programme officer with their volunteers were also called in support. AQSA College, of Bhiwandi supported us in this campaign.

Brief Summary:

The details of the event are as under:

1. At 10:00 a.m. our NSS programme officer with college staff reported the place and also at the same time NSS programme officer and the volunteers of AQSA college of Bhiwandi also reported the spot.
2. At 10:20 a.m. Principal Madam reached the place and immediately started spreading awareness about *water conservation & its cleanliness among all the attendees*. She said that its our fundamental & constitutional right to get clean water and for that purpose we all have gather here and every should take of his / her as own responsibility for taking the initiative for cleaning the water and save the water from being polluted. For wide spreading such awareness even a live session on online google meet was also arranged. The link for such meet was <Http://meet.google.com/zex-ttmk-rhe>.

Principal madam dictating volunteers the reason of water being polluted.

3. Thereafter, shelar village development officer and their members came to the place and made arrangements of all cleaning equipments such as gloves, waste carry bags and a transport truck for carrying waste. The authorities were informed to make arrangements for breakfast and drinking water facility for all the participants of the campaign.

5. After 30 minutes of starting cleaning process the Tehsildar and other officers reported the place and had a talk with Principal madam about the campaign, for which they were invited, earlier well in advance. She narrated and showed all the reality of the surroundings near the river which is badly affected by dumping of all the wastes.

WORLD WATER DAY - Save Water Save Life.

Name of event : Celebrating World Water Day.
Date : 22nd March, 2021.
Time : 10.30 a.m. onwards.
Venue : Ulhas river, Kongaon, Bhiwandi.

Objectives:

1. To educate and aware the NSS volunteers for valuing the water.
2. To encourage the leadership skills building for water lovers.
3. To get feedback of students on current situations of water bodies.

Preparation:

On this auspicious day by valuing the water our college NSS unit – 18 volunteers had a survey, gather information and some knowledge about the water from the “Jalyanak – Dr. Snehal S. Donde” Principal of this college. She is also a Chariman of ‘SKECT – **Shri Krishna Education & Cultural Trust**’. Under their guidance and leadership we had a small rally for water considering the current covid-19 pandemic situation. We celebrated this day in two different session.

Report on Health and Waste Management

Name of the Activity: Health and Waste management

Date: 22nd December 2021

Time: 10:30 am

Guests: Mr. H.D. Gulvi

Venue: College Auditorium, MBGDCC&S

Objective of Activity:

1. To create awareness about Health & Waste Management.
2. To aware students about, how important it is for us to keep our immunity strong
3. To inform students how to plan dry and wet waste management.

Agenda of the activity:

1. To inform students about Health and Waste Management.
2. To guide them, why it is important to stay healthy and control waste.

Details:

The Health & Waste Management programme was conducted by the NSS unit and the preparations for the same were planned and executed in the Auditorium of the College. The students from all the class First, Second and Third Year had participated in the activity. The guest of the event were from the Health Department of 'Bhiwandi City Municipal Corporation' and who approached along with their team. The guests were welcomed to share their ideas and views on Health and Waste Management. They shared information like why it is necessary to stay healthy, and how it can boost our immunity etc. Even for waste management they shared the information about how we need to manage and make our surroundings clean. They guided some suggestions as to how to control the waste management. Students after listening to the speaker's ideas ensured that they will try their best to stay healthy by eating healthy foods, boosting immunity and also will try to get control on the waste. Even made sure they will spread awareness about the same in the people and in the nearby society they reside.

Outcome:

- 1. Students started having proper diets and even focused on building their immunity.
- 2. Students understood the importance of cleanliness.

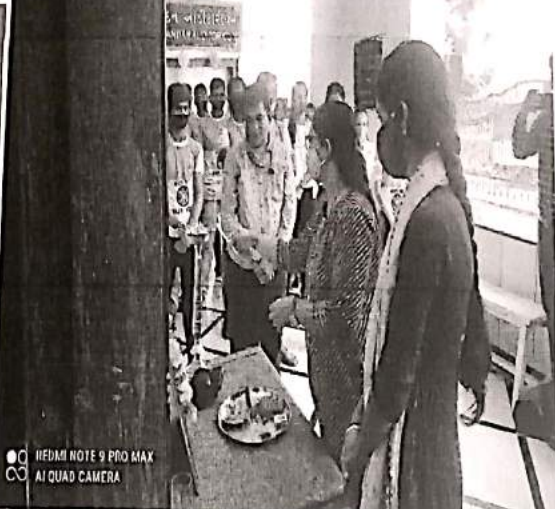

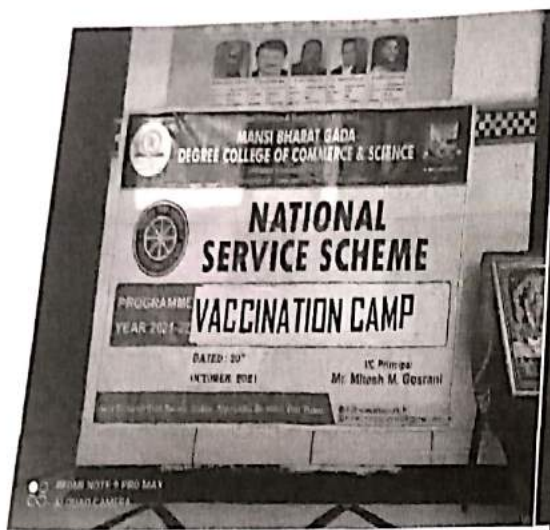

Volunteers participated were 100

Report on National Voters Day

Name of the Activity: National Voters Day

Date: 25th January 2022

Time: 9:00 am

Venue: College Ground and on Streets.

Objective of Activity:

1. To make people aware of Voting the correct candidate.
2. Spreading information on the Right to vote.

Agenda of the activity: Rally in residential areas.

Execution:

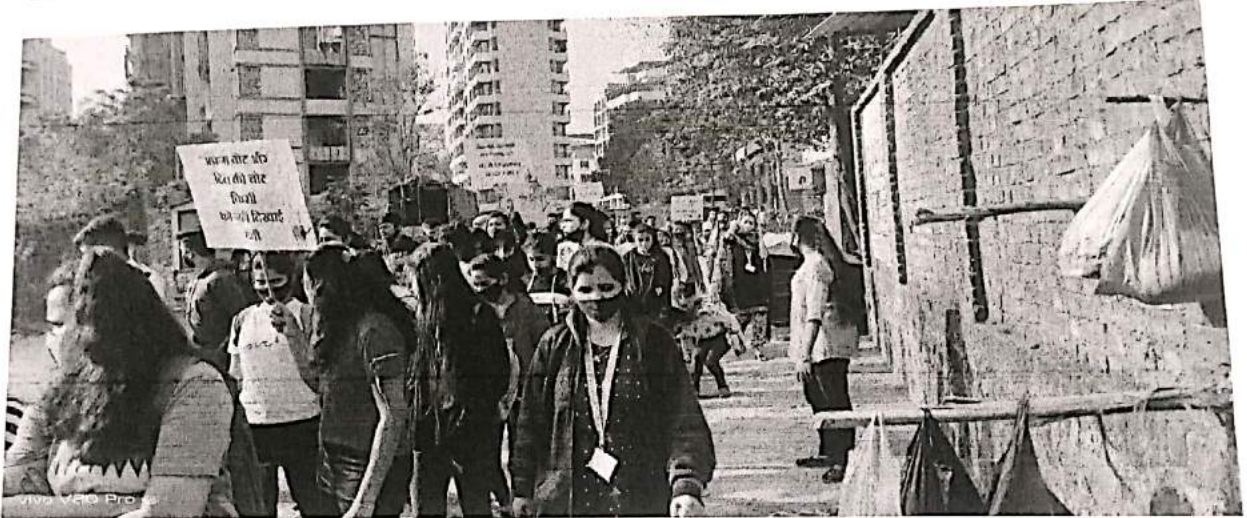

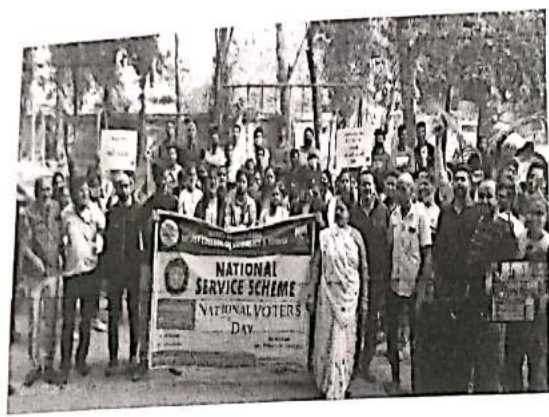

A rally was arranged on account of the National Voters Day, by the N.S.S Unit of the college on 25th January 2022. All NSS Volunteers from were invited for this activity

A rally was planned with slogans like: 1. Vote karna ki junge mein, hum sab sang mein 2. Vote karo vote karo, apne adhikar ka upyog karo, 3. Chalo chode sare kaam , phele kare matdan. The rally went to around 5 different places to inform people about voting rights & duties. Also we went to some of the societies and we spoke with committee members about the significance of voting.

Outcome:

1. The slogans made a great impact on the Public. As they realized that voting is very important.
2. The Great Initiative was taken by NSS Volunteers in creating reminders to the citizens for voting

Date: 14th April, 2022

Report on Shramdaan

Name of the Activity: Shramdaan

Date: 14th April 2022

Time: 12:30 am

Venue: N.S.S room, MBGDCC&S

Objective of Activity:

1. To create awareness about helping others.
2. To develop the interpersonal skills

Details:

With the intention to contribute to the social cause, the NSS volunteers along with Principal & Staff decided to visit the Smit Old age Home and donate the towel and refreshments on 14th April, 2022. At 12.00 noon the Principal, staff and volunteers left for the visit and reached at 12.30 pm. Mr. Jayantilal Sumariya (Secretary, GC) joined for this noble cause. After speaking to in charge and with due permission, the donation drive began by the hands of Mr. Jayantilal sumariya & Principal. They met the elderly people residing in old age home and provided refreshments and towels one by one. The staff and volunteers also joined by donating towels and refreshments to them. Towels and refreshments were distributed to Total 91 elderly people with 5 staff members. The staff of the old age home appreciated the gesture of the college and requested to visit in future with the same motive. The principal on behalf of the college shared heartfelt gratitude to the managing committee of the trust/old age home for their continuous support to elderly and sick people in their old age home. He also assured that the college will be in touch with these people and support in every possible way. At the end of the visit, the volunteers and the staff, being emotional, decided to visit and help whenever possible.

The visit ended with a great experience for everyone.

Participated Volunteers were 63

Report
Pits Filling

Activity: - Road repair

Date: 12/07/2017 and 13/07/2017

- VENUE: - In front of College nearby Anjur Phata
- TIME:- 12:30 pm to 2:00 pm

Organized by:- NSS volunteers

Extempore for two days 12/07/2017 and 13/07/2017 are as follow:

- This work was mainly done as a dedication to our ex-student IT. Satish Bhanusali. As due to road problem he faced an accident and lost his life.
- For the above purpose the student of N.S.S. Unit went to fill the pits in road. Some work was carried for two days.
- Second day many students along with Yogesh sir went to Anjur phata and nearby areas to fill the pits.
- Main objective was to make other people realize that these roads are our responsibility and proper roads are safer for us, it's a work which one can do to save others life.
- Student blocked some road and carried their work without disturbing other people. Hard work of student was seen.
- This work had to be undertaken by us because the responsible authorities were not paying attention on it.
- Road accidents were happening for the purpose of which this work was carried by us.
- For smooth transportation roads are required to be good as a result we conducted a small act of responsible citizens of our country.

• **Outcome:-**

1. The event has been done successfully.
2. All Students had participated actively.
3. Students understood their role & became self-independent.
